Allowable Subject Matter

1. Claims 44-49 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record, either singly or in combination, fails to disclose the limitations of: forming conductive material over the substrate comprising: conductive plugs received over substrate node locations over which storage capacitors are to be formed within the memory array area, and conductive material received over portions of some of the conductive lines within the peripheral area; forming openings through an insulative material and exposing the conductive plugs within the memory array area and the conductive material within the peripheral area; forming a storage capacitor electrode layer within the openings; and entirely removing the storage capacitor electrode layer and at least some of the conductive material received over the conductive lines within the peripheral area and outwardly expose conductive portions of conductive lines within the peripheral area.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ron E. Pompey whose telephone number is (571) 272-1680. The examiner can normally be reached on 9AM - 5PM.
